

# Hardwicke House Group Practice

## Electronic Prescription Service

---

This Service will enable prescriptions for pharmacy patients to be sent electronically for collection.

This is a service that dispensary patients already enjoy from the practice dispensary. For this reason, the **Hardwicke House Group Practice** dispensaries are not currently 'signed up' to take part in the new **Electronic Prescription Service**.

Our records show that you normally obtain your repeat prescriptions from the dispensary.

**To protect your right to use the practice dispensary, please tell the surgery that you wish to continue to use the practice dispensary.**

If asked about electronic prescriptions, you may also tell local pharmacies of your intention to use your usual practice dispensary.

**To protect your right to use the practice dispensary**, simply tick the box below, sign the letter and give it to a surgery staff member.

Thankyou

- I have received information about the electronic prescription service, and would like to "nominate" my usual practice dispensary to receive my prescriptions until further notice.

Patient's signature: \_\_\_\_\_

Date: \_\_\_\_\_

### What using the **Electronic Prescription Service** means for you:

- **Dispensing patients may continue to use the practice dispensary as normal.**  
**To arrange this, sign this letter, or ask a member of staff in the surgery for help**
- Please understand that if you nominate a pharmacy to receive your electronic prescriptions, the prescription might be sent **there** for collection
- Nomination is very flexible and can be changed at any time by asking a member of staff at the pharmacy or the surgery
- If you have nominated a pharmacy that you no longer wish to use, just make sure you let the surgery know as soon as possible
- Opting to use the Electronic Prescription Service may result in delays to obtaining your medicines.
